

Joe Biden knows wealthy CEOs don't  
stock our shelves, heal our wounds,  
or teach our kids:

**WORKING PEOPLE DO.**

This crisis is a reminder that our country wasn't built by Wall Street and wealthy CEOs, it was built by hardworking families, nurses, teachers, and other essential workers. The recent economic bailout provided huge aid for wealthy corporations—and not enough for working people, families, and small businesses.

### JOE BIDEN HAS A PLAN TO BUILD BACK BETTER.

- ✓ **Eliminate the Trump tax cuts** for the super wealthy and big corporations.
- ✓ Ensure every adult and child can **access affordable, quality health care.**
- ✓ **Provide two years of community college or job skills training** without debt for anyone who wants to attend.
